3306 Ashfield Drive
Houston, TX 77082

Dear Ms. VanCronkhite:

Thank you for your generous donation of 20 Automatic External Defibrillators (AEDs) to the City of Houston's Public Access Defibrillation Program. I accept these on behalf of the many citizens who work in and visit City facilities, whose lives these AEDs may one day save.

Houston was one of the first cities in the United States to place AEDs in public buildings, largely through the efforts of Dr. David Persse, our Emergency Medical Services Director. We are striving to equip all City buildings with these life saving devices. Your gift is a significant step in achieving that goal.

The important work you do through Courtney's Crusade is an inspiring tribute to your twin sister. Thank you for allowing the City of Houston to share your mission.

Sincerely,

Bill White
Mayor
